

Colfax Reports Second Quarter 2018 Results

August 6, 2018

ANNAPOLIS JUNCTION, MD, Aug. 06, 2018 (GLOBE NEWSWIRE) --

- Reported net income from continuing operations per diluted share of \$0.52 versus \$0.30 in the prior year quarter; adjusted net income per share of \$0.61 versus \$0.45 in the prior year quarter
- Achieved strong organic growth in Fabrication Technology sales and Air & Gas Handling industrial sector orders; strengthened adjusted operating margins
- Increased full year adjusted net income per share outlook
- Signed agreement for a complementary Fabrication Technology acquisition; repurchased Colfax shares

Colfax Corporation (NYSE: CFX), a leading diversified industrial technology company, today announced its financial results for the second quarter of 2018.

The Company reported net income from continuing operations of \$68 million or \$0.52 per diluted share, compared to \$0.30 in the prior year quarter. Colfax also reported second quarter 2018 adjusted net income of \$75 million or \$0.61 per share compared to \$0.45 per share for the same prior year period.

Second quarter 2018 net sales of \$925 million were 9% higher than the comparable period of 2017. Excluding acquisitions and foreign currency translation effects (FX), Fabrication Technology segment sales grew 8.2%, and Air & Gas Handling segment sales decreased 13.1%. Second quarter 2018 Air & Gas Handling orders increased 5.8% to \$360 million compared to the prior year period. Excluding acquisitions and FX, orders decreased 10.7%. Sequentially from the first quarter of 2018, second quarter adjusted operating margins increased 90 basis points to 8.9%. Fabrication Technology segment operating income margins sequentially increased 70 basis points to 12.7%, and Air & Gas Handling margins increased 60 basis points to 7.3%.

As a result of second quarter performance, Colfax increased its adjusted earnings per share outlook for the year from \$2.05-\$2.20 to \$2.15-\$2.30 and expects its seasonally highest profits in the fourth quarter.

"Second quarter operating performance was in-line with our expectations, and we drove tax actions that allowed us to outperform," said Matt Trerotola, Colfax President and CEO. "Recent acquisitions are performing as expected, the Fabrication Technology business posted significant global growth, and Air & Gas Handling operating margins expanded sequentially from the first quarter as expected. Air & Gas Handling industrial segment orders grew organically 24% year over year in the quarter, reflecting the successful long-term diversification of the business into higher-growth, less cyclical end markets. We expect strong performance in the second half of 2018, led by continued Fabrication Technology business growth, improved Air & Gas Handling margins, and benefits from the increased scope of our restructuring actions."

The Company signed an agreement in the second quarter to acquire Gas Control Equipment (GCE), a European leader in industrial gas flow equipment serving critical applications. GCE is projected to close in the third quarter of this year following regulatory approval and other closing conditions, and the Company expects the business to contribute annual revenues in excess of \$100 million. Colfax has repurchased \$200 million of its common stock since May, including \$144 million during the second quarter.

"We continue to execute our disciplined capital allocation strategy to create long-term value," said Mr. Trerotola. "Our strong balance sheet and cash flow enable us to invest for long-term growth and take the opportunity to invest in our shares at an attractive value. The GCE acquisition complements our Fabrication Technology business with improved scale and customer reach while increasing our presence in specialty gas applications, and we look forward to completing the transaction and welcoming the GCE associates to the Colfax team."

During the second quarter, the Company divested its CIRCOR International, Inc. shares for net cash proceeds of \$139 million, successfully completing the December 2017 divestiture of its Fluid Handling business to CIRCOR.

Conference Call and Webcast

Colfax will host a conference call to provide details about its results today at 8:30 a.m. EDT. The call will be open to the public through +1-877-303-7908 (U.S. callers) or +1-678-373-0875 (international callers) and referencing the conference ID number 3078073 or through webcast via Colfax's website at www.colfaxcorp.com under the "Investors" section. Access to a supplemental slide presentation can also be found at the Colfax website under the same heading. Both the audio of this call and the slide presentation will be archived on the website later today and will be available until the next quarterly call.

About Colfax Corporation

Colfax Corporation is a leading diversified industrial technology company that provides air & gas handling and fabrication technology products and services to customers around the world principally under the Howden and ESAB brands. Colfax believes that its brands are among the most highly recognized in each of the markets that it serves. The Company uses its Colfax Business System (CBS), a comprehensive set of tools, processes and values, to create superior value for customers, shareholders and associates. Colfax is traded on the NYSE under the ticker "CFX." Additional information about Colfax is available at www.colfaxcorp.com.

Non-GAAP Financial Measures and Other Adjustments

Colfax has provided in this press release financial information that has not been prepared in accordance with GAAP. These non-GAAP financial measures are adjusted net income, adjusted net income per share, projected adjusted net income per share, adjusted operating income, organic sales growth, and organic order decline. Adjusted operating income excludes Restructuring and other related items, gain or loss on short term investments,

Goodwill and intangible asset impairment charge and Pension settlement loss. Adjusted net income, adjusted net income per share and projected adjusted net income per share exclude Restructuring and other related charges, gain or loss on short term investments, Goodwill and intangible asset impairment charge, Pension settlement loss, acquisition-related intangibles amortization, and other non-cash acquisition related charges. The effective tax rates used to calculate adjusted net income and adjusted net income per share are 15.0% and 17.9% for the second quarter and six months ended June 29, 2018. The effective tax rates used to calculate adjusted net income and adjusted net income per share are 29.6% and 28.0% for the second quarter and six months ended June 30, 2017. Organic sales growth and organic order decline exclude the impact of acquisitions and foreign exchange rate fluctuations. These non-GAAP financial measures assist Colfax management in comparing its operating performance over time because certain items may obscure underlying business trends and make comparisons of long-term performance difficult, as they are of a nature and/or size that occur with inconsistent frequency or relate to discrete restructuring plans that are fundamentally different from the ongoing productivity improvements of the Company. Colfax management also believes that presenting these measures allows investors to view its performance using the same measures that the Company uses in evaluating its financial and business performance and trends.

Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information calculated in accordance with GAAP. Investors are encouraged to review the reconciliation of these non-GAAP measures to their most directly comparable GAAP financial measures. A reconciliation of non-GAAP financial measures presented above to GAAP results has been provided in the financial tables included in this press release.

CAUTIONARY NOTE CONCERNING FORWARD LOOKING STATEMENTS

This press release may contain forward-looking statements, including forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. Such forward-looking statements include, but are not limited to, statements concerning Colfax's plans, objectives, expectations and intentions and other statements that are not historical or current fact. Forward-looking statements are based on Colfax's current expectations and involve risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such forward-looking statements. Factors that could cause Colfax's results to differ materially from current expectations include, but are not limited to, factors detailed in Colfax's reports filed with the U.S. Securities and Exchange Commission including its 2017 Annual Report on Form 10-K under the caption "Risk Factors." In addition, these statements are based on a number of assumptions that are subject to change. This press release speaks only as of the date hereof. Colfax disclaims any duty to update the information herein.

The term "Colfax" in reference to the activities described in this press release may mean one or more of Colfax's global operating subsidiaries and/or their internal business divisions and does not necessarily indicate activities engaged in by Colfax Corporation.
