Overview

We are a diversified global industrial manufacturing and engineering company that provides gas- and fluid-handling and fabrication technology products and services to commercial and governmental customers around the world under the Howden, ESAB and Colfax Fluid Handling brand names. Our business has been built through a series of acquisitions, as well as organic growth, since its founding in 1995. We seek to build an enduring premier global enterprise by applying the Colfax Business System (“CBS”) to pursue growth in revenues and improvements in operating margins and cash flow.

We began with a series of acquisitions in the fluid-handling and mechanical power transmission sectors, most notably those of Imo and Allweiler in 1997 and 1998, respectively. In 2004, we divested our mechanical power transmission operations and focused on fluid handling. Through the end of 2011, we made a series of strategic acquisitions in this sector, including: Lubrication Systems Company (“LSC”), PD-Technik Ingenieurbüro GmbH (“PD-Technik”), Baric Group (“Baric”), Rosscor Holding B.V. (“Rosscor”) and COT-Puritech, Inc. (“COT-Puritech”).

On January 13, 2012, Colfax closed the acquisition of Charter International plc (“Charter”) (the “Charter Acquisition”), which transformed Colfax from a fluid-handling business into a multi-platform enterprise with a strong global footprint. This acquisition provided an additional growth platform in the fragmented fabrication technology industry, while broadening the scope of our fluid-handling platform to include air- and gas-handling products.

Following the Charter Acquisition, we announced the following additional acquisitions that we expect will grow and strengthen our business:

Gas and Fluid Handling

- In September 2012, we acquired Co-Vent Group Inc. (“Co-Vent”), a leading supplier of industrial fans based in Quebec, Canada.
- In July 2013, we acquired Clarus Fluid Intelligence, LLC (“Clarus”), a domestic supplier of flushing services for marine applications primarily to U.S. government agencies, with primary operations in Bellingham, Washington.
- In September 2013, we acquired certain business units of The New York Blower Company, including TLT-Babcock Inc. (“TLT-Babcock”) and Alphair Ventilating Systems Inc. (“Alphair”), suppliers of heavy duty and industrial fans in Akron, Ohio and Winnepeg, Ontario, respectively.
- In November 2013, we acquired Kompresory a.s., a leading supplier of multi-stage centrifugal compressors to the oil & gas, petrochemical, power and steel industries, based in Prague, Czech Republic.

- In November 2013, we acquired the remaining ownership of Sistemas Centrales de Lubrication S.A. de C.V. (“Sicelub”), previously a less than wholly owned subsidiary in which we did not have a controlling interest. Sicelub provides flushing services to Central and South American customers primarily in the oil, gas and petrochemical end market.
- In November 2013, we acquired the global infrastructure and industry division of Fläkt Woods Group (“GII”), an international supplier of heavy duty industrial and cooling fans.

Fabrication Technology

- In May 2012, we acquired the remaining ownership of CJSC Sibes (“Sibes”), a less than wholly owned Russian subsidiary in which we did not have a controlling interest.
- In October 2012, we acquired approximately 91% of Soldex S.A. (“Soldex”), a leading South American supplier of welding products. In August 2013, we increased our ownership of Soldex to approximately 99%.
- On February 12, 2014, we entered into a definitive agreement to acquire Victor Technologies Holdings, Inc. (“Victor Technologies”), a global manufacturer of advanced cutting, gas control and specialty welding solutions.

Recent Developments

Fourth Quarter and Year-End Results

On February 6, 2014, we announced our financial results for the fourth quarter ended December 31, 2013.

For the fourth quarter, net income was \$32.0 million, or \$0.31 per dilutive share. Net sales were \$1.171 billion in the fourth quarter, an increase of 14.0% from the prior year. Fourth quarter operating income was \$119.6 million. Fourth quarter gas- and fluid-handling orders were \$547.8 million compared to orders of \$520.3 million in the prior year period, an increase of 5.3%. Gas- and fluid-handling finished the period with record backlog of \$1.577 billion.

Full year net income was \$158.2 million, or \$1.54 per dilutive share. Net sales for 2013 were \$4.207 billion, an increase of 7.5% compared to net sales for 2012. Full year operating income was \$406.4 million. Full year gas- and fluid-handling orders were \$2.061 billion, an increase of 3.3% over the prior year.

Acquisition of Victor Technologies

On February 12, 2014, we entered into a binding agreement with Irving Place Capital to acquire Victor Technologies for total consideration of approximately \$947.3 million, including the assumption of debt.

Conversion of Series A Preferred Stock

On February 12, 2014, BDT CF Acquisition Vehicle, LLC (the “BDT Investor”), the sole holder of our Series A Perpetual Convertible Preferred Stock (“Series A Preferred Stock”) exercised its option to convert its 13,877,552 shares of Series A Preferred Stock into 12,173,291 shares of our common stock. In connection with the conversion, we have agreed to pay to the BDT Investor approximately \$23.4 million, which is equivalent to the aggregate amount of dividends that would have been payable on the Series A Preferred Stock, at an assumed per annum rate of 6% of its liquidation preference, through the third anniversary of its issuance, at which time we would have had the right to convert the Series A Preferred Stock into common stock at any time at our option subject to certain conditions. As a result of the conversion, no shares of our preferred stock remain outstanding.

New York Stock Exchange symbol:	CFX

The number of shares of common stock that will be outstanding immediately after this offering is based on 114,306,780 shares outstanding as of February 12, 2014 (which includes 12,173,291 shares of our common stock issued upon the conversion by the BDT Investor of all its Series A Preferred Stock). Unless otherwise indicated, the number of shares of our common stock presented in this prospectus supplement excludes shares of our common stock issuable by us pursuant to the exercise of the underwriters' option to purchase additional shares and 6,253,037 shares of our common stock reserved for future issuance under our equity incentive plan.

RISK FACTORS

Investing in our common stock involves risks, including the risks described below that are specific to our common stock and those that could affect us and our business. You should not purchase shares of our common stock unless you understand these investment risks. Please be aware that other risks may prove to be important in the future. New risks may emerge at any time, and we cannot predict such risks or estimate the extent to which they may affect our financial performance. Before purchasing any shares of our common stock, you should consider carefully the risks and other information in this prospectus supplement and the accompanying prospectus and carefully read the risks described in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus, including those set forth in the “Risk Factors” section in our Annual Report on Form 10-K for the year ended December 31, 2013.

Risks and Other Considerations Related to our Common Stock

The issuance of additional common and preferred stock or the resale of previously restricted common stock may adversely affect the market price of our common stock.

In connection with the Charter Acquisition, we issued a total of 20,182,293 shares of our common stock to the BDT Investor, Mitchell P. Rales, Steven M. Rales and Markel Corporation (collectively, the “Investors”) and 13,877,552 shares of our Series A Preferred Stock, which have since been converted into an additional 12,173,291 shares of our common stock, to the BDT Investor. Pursuant to registration rights agreements we entered into with the Investors in January 2012 (the “2012 Registration Rights Agreements”), the Investors and their permitted transferees have registration rights for the resale of such shares of our common stock. In April 2012, we filed a prospectus supplement under which the Investors may resell these shares. In addition, Mitchell P. Rales and Steven M. Rales have registration rights for the resale of certain shares of our common stock pursuant to a registration rights agreement, entered into in 2003 and amended in 2013 (the “2003 Registration Rights Agreement,” and together with the 2012 Registration Rights Agreements, the “Registration Rights Agreements”). These registration rights would facilitate the resale of such securities into the public market, and any such resale would increase the number of shares of our common stock available for public trading. For instance, in May 2013 the BDT Investor and certain of its permitted transferees sold 4,000,000 shares of our common stock to underwriters for public resale. Sales by the BDT Investor, Markel Corporation, Mitchell P. Rales or Steven M. Rales or their permitted transferees of a substantial number of shares of our common stock in the public market, or the perception that such sales might occur, could have a material adverse effect on the price of our common stock.

In March 2012 and May 2013, we sold 9,000,000 shares and 7,500,000 shares, respectively, of newly issued common stock to underwriters for public resale pursuant to a shelf registration statement. Under our Amended and Restated Certificate of Incorporation (our “Certificate of Incorporation”), there are additional authorized shares of our common stock, which, if subsequently issued, could have a further dilutive effect on our outstanding common stock.

The BDT Investor may exercise significant influence over us, including through its ability to elect up to two members of our Board of Directors.

The shares of our common stock beneficially owned by the BDT Investor represent approximately 14% of the voting rights in respect of our issued share capital as of February 3, 2014. As a result, the BDT Investor may have the ability to significantly influence the outcome of any matter submitted for the vote of our stockholders. The BDT Investor may have interests that diverge from, or even conflict with, our interests and those of our other stockholders.

Our Certificate of Incorporation also provides that the BDT Investor will have the right to exclusively nominate (1) two out of eleven directors to our Board of Directors so long as the BDT Investor and its permitted transferees beneficially own, in the aggregate, more than 20% of our outstanding common stock, with one of its nominees to serve on the Audit Committee of our Board of Directors and one of its nominees to serve on the

[Table of Contents](#)

Compensation Committee of our Board of Directors, and (2) one out of ten directors to our Board of Directors so long as the BDT Investor and its permitted transferees beneficially own in the aggregate less than 20% but more than 10% of our outstanding common stock, with such nominee to serve on the Audit Committee and the Compensation Committee of our Board of Directors. Further, so long as the BDT Investor and certain permitted transferees beneficially own at least 10% of our common stock, the BDT Investor's written consent is required to alter, amend or repeal the provisions of our Certificate of Incorporation which set forth the authorized number of members of our Board of Directors and the BDT Investor's nomination rights in respect of members of our Board of Directors.

In addition, the percentage of our common stock owned by the BDT Investor, Mitchell P. Rales and Steven M. Rales and the governance rights of the BDT Investor could discourage a third party from proposing a change of control or other strategic transaction concerning us.

Provisions in our governing documents and Delaware law may delay or prevent an acquisition of us, which could decrease the value of our shares.

Our Certificate of Incorporation, Amended and Restated Bylaws ("Bylaws"), and Delaware law contain provisions that may make it difficult for a third party to acquire us without the consent of our Board of Directors. These include provisions prohibiting stockholders from taking action by written consent, prohibiting special meetings of stockholders called by stockholders and prohibiting stockholder nominations and approvals without complying with specific advance notice requirements. In addition, our Board of Directors has the right to issue preferred stock without stockholder approval, which our Board of Directors could use to effect a rights plan or "poison pill" that could dilute the stock ownership of a potential hostile acquirer and may have the effect of delaying, discouraging or preventing an acquisition of us. Delaware law also imposes some restrictions on mergers and other business combinations between us and any holder of 15% or more of our outstanding voting stock.

USE OF PROCEEDS

We estimate that the proceeds of this offering to us, net of underwriting discounts and commissions, will be approximately \$530,750,400, or \$610,362,960 if the underwriters exercise their option to purchase additional shares in full, after deducting underwriting discounts and our estimated expenses of the offering.

We intend to use the proceeds of this offering, together with cash on hand and borrowings under the Deutsche Bank Credit Agreement, to finance our acquisition of Victor Technologies or, if the acquisition is not completed, for general corporate purposes. General corporate purposes may include acquisitions, repayment of debt, additions to working capital and capital expenditures. Net proceeds may be temporarily invested prior to deployment for their intended purposes.

This offering is not conditioned on the closing of our acquisition of Victor Technologies and there can be no assurance that the acquisition will be completed. The shares offered hereby will remain outstanding whether or not the acquisition is completed.

CAPITALIZATION

The following table shows, as of December 31, 2013, our capitalization:

- on an actual basis;
- on a pro forma basis to reflect the sale of 8,000,000 shares of common stock by us in this offering at a public offering price of \$68.75 per share;
- on a pro forma as adjusted basis to further reflect:
 - the application of the net proceeds of this offering in the manner described under “Use of Proceeds”;
 - the conversion by the BDT Investor of 13,877,552 shares of Series A Preferred Stock into 12,173,291 shares of our common stock as described under “Summary—Recent Developments”;
 - borrowing under the Deutsche Bank Credit Agreement, and other short-term borrowing arrangements, to finance, in part, the acquisition of Victor Technologies; and
 - the completion of our acquisition of Victor Technologies.

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock and provisions of our Certificate of Incorporation and Bylaws are summaries and are qualified by reference to our Certificate of Incorporation and Bylaws.

Our authorized capital stock consists of 400,000,000 shares of common stock, \$0.001 par value per share and 20,000,000 shares of preferred stock, \$0.001 par value per share. As of February 12, 2014, there were 114,306,780 shares of common stock and no shares of Series A Preferred Stock outstanding (which includes 12,173,291 shares of our common stock issued upon the conversion by the BDT Investor of all its Series A Preferred Stock).

Common Stock

Subject to the rights of the holders of any series of preferred stock, the holders of shares of common stock are entitled to one vote per share held on all matters submitted to a vote at a meeting of stockholders. Each stockholder may exercise its vote either in person or by proxy. Subject to any preferences to which holders of shares of preferred stock may be entitled, the holders of outstanding shares of common stock are entitled to receive ratably the dividends, if any, as may be declared from time to time by the Board of Directors out of funds legally available therefor. In the event that we liquidate, dissolve or wind up, the holders of outstanding shares of common stock are entitled to share ratably in all of our assets which are legally available for distribution to stockholders, subject to the prior rights on liquidation of creditors and to preferences, if any, to which holders of shares of preferred stock may be entitled. The holders of outstanding shares of common stock do not have any preemptive, subscription, redemption or sinking fund rights. The outstanding shares of common stock are, and upon issuance and sale as contemplated hereby the shares to be issued in the offering will be, duly authorized, validly issued, fully paid and nonassessable.

The BDT Investor has the right to exclusively nominate for election to our Board of Directors and certain of its committees:

- two of 11 directors for so long as the BDT Investor and certain permitted transferees beneficially own, in the aggregate, more than 20% of our outstanding common stock; and
- one of 10 directors for so long as the BDT Investor and certain permitted transferees beneficially own, in the aggregate, equal to or less than 20% but more than 10% of our outstanding common stock;

in each case calculated in accordance with our Certificate of Incorporation and subject to applicable law and New York Stock Exchange Listed Company Manual rules. In addition, for so long as the BDT Investor and certain permitted transferees beneficially own, in the aggregate, more than 10% of our outstanding common stock, the written consent of the BDT Investor is required to alter, amend or repeal the provisions of Article 5.1 of our Certificate of Incorporation, which sets forth the authorized number of members of the Board of Directors and the BDT Investor's nomination rights in respect of members of the Board of Directors.

Preferred Stock

Our Certificate of Incorporation authorizes us to issue up to 20,000,000 shares of preferred stock, in one or more series and containing the rights, privileges and limitations, including dividend rights, voting rights, conversion privileges, redemption rights, liquidation rights or sinking fund rights, as may from time to time be determined by our Board of Directors. Preferred stock may be issued in the future in connection with acquisitions, financings or other matters as the Board of Directors deems to be appropriate. In the event that any shares of preferred stock shall be issued, a certificate of designations, setting forth the series of the preferred stock and the relative rights, privileges and limitations with respect thereto, is required to be filed with the Secretary of State of the State of Delaware. The effect of having preferred stock authorized is that our Board of Directors alone, within the bounds of and subject to the federal securities laws and the Delaware Law, may be able to authorize the issuance of preferred stock, which may adversely affect the voting and other rights of holders of common stock. The issuance of preferred stock may also have the effect of delaying or preventing a change in control of our company.

In connection with the Charter Acquisition, we issued a total of 13,877,552 shares of Series A Preferred Stock to the BDT Investor. On February 12, 2014, the BDT Investor, which was the sole holder of our Series A Preferred Stock, exercised its option to convert its 13,877,552 shares of Series A Preferred Stock into 12,173,291 shares of our common stock. In connection with the conversion, we have agreed to pay to the BDT Investor approximately \$23.4 million, which is equivalent to the aggregate amount of dividends that would have been payable on the Series A Preferred Stock, at an assumed per annum rate of 6% of its liquidation preference, through the third anniversary of its issuance, at which time we would have had the right to convert the Series A Preferred Stock into common stock at any time at our option subject to certain conditions. As a result of the conversion, no shares of our preferred stock remain outstanding.

Registration Rights Agreements

On May 30, 2003, we entered into the 2003 Registration Rights Agreement with Mitchell P. Rales and Steven M. Rales in connection with the issuance of 29,195,885 shares of common stock. On January 24, 2012, we entered into the 2012 Registration Rights Agreements with each of the Investors in connection with the issuance and sale of (i) 14,756,945 shares of common stock and 13,877,552 shares of newly created Series A Preferred Stock to the BDT Investor, (ii) 2,170,139 shares of common stock to Mitchell P. Rales, (iii) 2,170,139 shares of common stock to Steven M. Rales and (iv) 1,085,070 shares of common stock to Markel Corporation. The Investors have registration rights with respect to these shares of common stock, and the shares of common stock issued upon conversion of these shares of Series A Preferred Stock, under the Registration Rights Agreements as follows:

Shelf Registration and Demand Registration

The Investors have shelf registration rights under the Registration Rights Agreements. Under the 2003 Registration Rights Agreement, holders of at least 30% of the registrable shares covered by the 2003 Registration Rights Agreement can, under certain conditions, request that we file up to two registration statements registering all or a portion of their registrable shares, provided that the net offering price for such registration is at least \$5,000,000. Under the 2012 Registration Rights Agreement, we were required, no later than three months after January 24, 2012, to file a registration statement covering the resale of the registrable shares covered by the 2012 Registration Rights Agreement. We satisfied this requirement by filing a shelf registration statement on Form S-3 on February 23, 2012, and a prospectus supplement on April 24, 2012 for the resale of certain of the registrable shares. If we do not maintain the effectiveness of the shelf registration statement, the Investors each may require us to register the number of registrable securities beneficially owned by such Investors or any permitted transferees of registrable securities under the Securities Act, subject to certain limitations.

Piggyback Registration

If at any time we have determined to file a registration statement in connection with an offering of any of our equity securities, with certain exceptions, we will give the Investors notice of such registration and include in such registration all securities held by the Investor or any permitted transferee of registrable securities, included by such persons in a written request, subject to certain customary cut-backs.

Expenses

We will pay all fees and expenses in connection with the registration rights set forth above, including, under the 2012 Registration Rights Agreement, the reasonable fees or disbursements of one counsel for each of the Investors or his or its permitted transferees, as selling holders of the registrable securities, but excluding any other expenses of the selling holders or underwriting commissions.

[Table of Contents](#)

Indemnification

Subject to certain qualifications and limitations, we will indemnify each of the Investors and any permitted transferees of registrable securities and their officers, directors, employees and each underwriter and certain related parties for losses they incur as a result of acts or omissions by us or our subsidiaries in connection with any such registration.

Registrable Shares of Common Stock

Shares cease to be registrable securities when (i) a registration statement with respect to the sale by the holder thereof shall have been declared effective under the Securities Act and such securities shall have been disposed of in accordance with such registration statement, (ii) they shall have been distributed to the public in accordance with Rule 144 under the Securities Act or are able to be sold pursuant to Rule 144 under the Securities Act (or any similar provision then in force, but not Rule 144A) without volume, manner of sale or notice limitations or requirements or (iii) they shall have ceased to be outstanding.

Anti-Takeover Provisions of Delaware Law and our Certificate of Incorporation and Bylaws

Delaware Law

We are subject to Section 203 of the Delaware General Corporation Law, which, with specified exceptions, prohibits a Delaware corporation from engaging in any “business combination” with any “interested stockholder” for a period of three years following the time that the stockholder became an interested stockholder unless:

- before that time, the board of directors of the corporation approved either the business combination or the transaction which resulted in the stockholder becoming an interested stockholder;
- upon consummation of the transaction which resulted in the stockholder becoming an interested stockholder, the interested stockholder owned at least 85% of the voting stock of the corporation outstanding at the time the transaction commenced, excluding for purposes of determining the number of shares outstanding those shares owned by persons who are directors and also officers and by employee stock plans in which employee participants do not have the right to determine confidentially whether shares held subject to the plan will be tendered in a tender or exchange offer; or
- at or after that time, the business combination is approved by the board of directors and authorized at an annual or special meeting of stockholders, and not by written consent, by the affirmative vote of at least 66 2/3% of the outstanding voting stock that is not owned by the interested stockholder.

Section 203 defines business combination to include the following:

- any merger or consolidation of the corporation with the interested stockholder;
- any sale, lease, exchange, mortgage, transfer, pledge or other disposition of 10% or more of the assets of the corporation involving the interested stockholder;
- subject to specified exceptions, any transaction that results in the issuance or transfer by the corporation of any stock of the corporation to the interested stockholder;
- any transaction involving the corporation that has the effect of increasing the proportionate share of the stock of any class or series of the corporation beneficially owned by the interested stockholder; or
- any receipt by the interested stockholder of the benefit of any loans, advances, guarantees, pledges or other financial benefits provided by or through the corporation.

Section 203 defines an “interested stockholder” as:

- any entity or person beneficially owning 15% or more of the outstanding voting stock of the corporation; and
- any entity or person affiliated with or controlling or controlled by the entity or person.

[Table of Contents](#)

Although the BDT Investor holds more than 20% of our outstanding voting stock, this provision of Delaware law does not apply to it.

The application of Section 203 may make it difficult and expensive for a third party to pursue a takeover attempt we do not approve, even if a change in control would be beneficial to the interests of our stockholders.

Certificate of Incorporation and Bylaws Provisions

Majority Voting Provisions for Director Elections

Under our Bylaws, election of directors will be by a majority of votes cast, or a plurality in the event that, as of the tenth day preceding the day notice of the meeting at which directors are to be elected has been mailed to stockholders, the number of director nominees exceeds the number of directors to be elected. A director who fails to achieve a majority of votes cast in an uncontested election will be required to offer irrevocably to resign from the Board of Directors, and the remaining directors will determine whether to accept the resignation. Vacancies created by resignations or otherwise may be filled by vote of the remaining directors.

Number of Directors; Removal; Filling Vacancies

Our Bylaws provide that, subject to any rights of holders of preferred stock to elect additional directors under specified circumstances, the number of directors constituting the entire Board of Directors will be fixed from time to time by action of not less than a majority of the directors then in office. The number may not be less than three or more than nine, unless approved by action of not less than two-thirds of the directors then in office. In addition, our Bylaws provide that, subject to any rights of holders of preferred stock, newly created directorships resulting from an increase in the authorized number of directors or vacancies on the Board of Directors resulting from death, resignation, retirement, disqualification or removal of directors or any other cause may be filled only by the Board of Directors (and not by the stockholders unless there are no directors then in office), provided that a quorum is then in office and present, or by a majority of the directors then in office, if less than a quorum is then in office, or by the sole remaining director. Accordingly, the Board of Directors could prevent any stockholder from enlarging the Board and filling the new directorships with that stockholder's own nominees.

Limitation on Special Meetings; No Stockholder Action by Written Consent

Our Certificate of Incorporation and our Bylaws provide that (subject to the rights, if any, of holders of any class or series of preferred stock then outstanding) (i) only the chairman of the Board or a majority of the Board of Directors will be able to call a special meeting of stockholders; (ii) the business permitted to be conducted at a special meeting of stockholders shall be limited to matters properly brought before the meeting by or at the direction of the Board of Directors; and (iii) stockholder action may be taken only at a duly called and convened annual or special meeting of stockholders and may not be taken by written consent. These provisions, taken together, prevent stockholders from forcing consideration by the stockholders of stockholder proposals over the opposition of the Board of Directors, except at an annual meeting.

Advance Notice Provisions for Stockholder Nominations and Stockholder Proposals

Our Bylaws establish an advance notice procedure for stockholders to nominate candidates for election as director, or to bring other business before an annual meeting of our stockholders.

This procedure provides that, subject to the rights of any holders of preferred stock, only persons who are nominated by or at the direction of the Board of Directors, any committee appointed by the Board of Directors, or by a stockholder who has given timely written notice to our secretary prior to the meeting at which directors are to be elected, will be eligible for election as directors. The procedure provides that at an annual meeting only that business may be conducted as has been brought before the meeting by, or at the direction of, the Board of

[Table of Contents](#)

Directors, any committee appointed by the Board of Directors, or by a stockholder who has given timely written notice to our secretary of the stockholder's intention to bring that business before the meeting. Under the procedure, to be timely, notice of stockholder nominations or proposals to be made at an annual or special meeting generally must be received by the secretary at our principal executive offices not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting (although under certain circumstances the notice period may differ). A stockholder's notice proposing to nominate a person for election as director must contain specific information about the nominating stockholder and the proposed nominee. A stockholder's notice relating to the conduct of business other than the nomination of directors must contain specific information about the business and about the proposing stockholder. If the chairman of the Board or other officer presiding at a meeting determines that a person was not nominated, or other business was not brought before the meeting, in accordance with the procedure, the person will not be eligible for election as a director, or the business will not be conducted at the meeting, as the case may be.

By requiring advance notice of nominations by stockholders, this procedure affords our Board of Directors an opportunity to consider the qualifications of the proposed nominees and, to the extent deemed necessary or desirable by the Board of Directors, to inform stockholders about their qualifications. By requiring advance notice of other proposed business, the procedure also provides a more orderly procedure for conducting annual meetings of stockholders and, to the extent deemed necessary or desirable by the Board of Directors, provides the Board of Directors with an opportunity to inform stockholders, prior to the meetings, of any business proposed to be conducted at the meetings, together with any recommendations as to the Board's position regarding action to be taken with respect to the business, so that stockholders can better decide whether to attend the meeting or to grant a proxy regarding the disposition of the business.

Although our Bylaws do not give the Board of Directors any power to approve or disapprove stockholder nominations for the election of directors or proposals for action, the foregoing provisions may have the effect of precluding a contest for the election of directors or the consideration of stockholder proposals and of discouraging or deterring a third party from conducting a solicitation of proxies to elect its own slate of directors or to approve its own proposal, if the proper advance notice procedures are not followed, without regard to whether consideration of the nominees or proposals might be harmful or beneficial to us or our stockholders.

Limitation of Liability of Directors

Our Bylaws provide that we must indemnify officers and directors against losses that they may incur in investigations and legal proceedings resulting from their services provided to us, which may include services in connection with takeover defense measures. These provisions may have the effect of preventing changes in our management. See "—Limitation of Liability and Indemnification."

Limitation of Liability and Indemnification

Our Certificate of Incorporation contains provisions permitted under Delaware law relating to the liability of directors. These provisions eliminate a director's personal liability for monetary damages resulting from a breach of fiduciary duty, except in circumstances involving:

- any breach of the director's duty of loyalty;
- acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of the law;
- payment of dividends or approval of stock repurchases or redemptions that are unlawful under Delaware law; or
- any transaction from which the director derives an improper personal benefit.

These provisions do not limit or eliminate our rights or any stockholder's rights to seek non-monetary relief, such as an injunction or rescission, in the event of a breach of director's fiduciary duty. These provisions will not alter a director's liability under federal securities laws.

[Table of Contents](#)

Our Bylaws require us to indemnify our directors and executive officers to the fullest extent not prohibited by Delaware law. We may limit the extent of this indemnification by individual contracts with our directors and executive officers. Furthermore, we may decline to indemnify any director or executive officer in connection with any proceeding initiated by any director or executive officer or any proceeding by any director or executive officer against us or our directors, officers, employees or other agents, unless indemnification is expressly required to be made by law or the proceeding was authorized by our Board of Directors.

We have entered into agreements with our directors and certain of our executive officers to give the directors and officers additional contractual assurances regarding the scope of the indemnification set forth in our Bylaws and to provide additional procedural protections.

At present, there is no pending litigation or proceeding involving a director, officer or employee of our company for which indemnification is sought, nor are we aware of any threatened litigation that may result in claims for indemnification. We believe that these provisions and agreements are necessary to attract and retain qualified persons as directors and executive officers.

We have the power to indemnify our other officers, employees and other agents, as permitted by Delaware law, but we are not required to do so. We have directors' and officers' liability insurance.

Registrar and Transfer Company is the transfer agent and registrar for our common stock.

No Sales of Similar Securities

We have agreed that, subject to certain exceptions, we will not offer, sell, contract to sell, pledge or otherwise dispose of, directly or indirectly, any shares of our common stock or securities convertible into or exchangeable or exercisable for any shares of our common stock, without the prior written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Citigroup Global Markets Inc. and Deutsche Bank Securities Inc. for a period of 90 days after the date of this prospectus supplement.

All of our directors and executive officers and certain holders of our common stock have entered into lock-up agreements with the underwriters prior to the commencement of this offering pursuant to which each of these persons or entities, for a period of at least 90 days after the date of this prospectus supplement, has agreed that such person or entity will not, without the prior written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Citigroup Global Markets Inc. and Deutsche Bank Securities Inc., (1) offer, pledge, announce the intention to sell, sell, contract to sell, sell any option or contract to purchase, purchase any option or contract to sell, grant any option, right or warrant to purchase, or otherwise transfer or dispose of, directly or indirectly, any shares of our common stock (including, without limitation, common stock which may be deemed to be beneficially owned by such persons in accordance with the rules and regulations of the SEC and securities which may be issued upon exercise of a stock option or warrant) or (2) enter into any swap or other agreement that transfers, in whole or in part, any of the economic consequences of ownership of the common stock, whether any such transaction described in clause (1) or (2) above is to be settled by delivery of common stock or such other securities, in cash or otherwise, subject to certain exceptions. In addition, our directors and executive officers and certain holders of our common stock have agreed that, without the prior written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Citigroup Global Markets Inc. and Deutsche Bank Securities Inc. on behalf of the underwriters, they will not, during the period ending 90 days after the date of the prospectus supplement, make any demand for or exercise any right with respect to the registration of any shares of common stock or any security convertible into or exercisable or exchangeable for common stock.

New York Stock Exchange Listing

Our shares are listed on the New York Stock Exchange under the symbol "CFX."

Price Stabilization, Short Positions

Until the distribution of the shares is completed, SEC rules may limit underwriters and selling group members from bidding for and purchasing our common stock. However, the representatives may engage in transactions that stabilize the price of the common stock, such as bids or purchases to peg, fix or maintain that price.

In connection with the offering, the underwriters may purchase and sell our common stock in the open market. These transactions may include short sales, purchases on the open market to cover positions created by short sales and stabilizing transactions. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in the offering. "Covered" short sales are sales made in an amount not greater than the underwriters' option to purchase additional shares described above. The underwriters may close out any covered short position by either exercising their option to purchase additional shares or purchasing shares in the open market. In determining the source of shares to close out the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option granted to them. "Naked" short sales are sales in

[Table of Contents](#)

excess of such option. The underwriters must close out any naked short position by purchasing shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our common stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of shares of common stock made by the underwriters in the open market prior to the completion of the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of our common stock or preventing or retarding a decline in the market price of our common stock. As a result, the price of our common stock may be higher than the price that might otherwise exist in the open market. The underwriters may conduct these transactions on the New York Stock Exchange, in the over-the-counter market or otherwise.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our common stock. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Electronic Distribution

In connection with the offering, certain of the underwriters or securities dealers may distribute prospectuses by electronic means, such as e-mail.

Other Relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. In addition, certain affiliates of the underwriters are lenders under the Deutsche Bank Credit Agreement. The underwriters or their affiliates have received, or may in the future receive, customary fees and commissions for these transactions.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Notice to Prospective Investors in the European Economic Area

In relation to each Member State of the European Economic Area (each, a "Relevant Member State"), no offer of shares may be made to the public in that Relevant Member State other than:

- A. to any legal entity which is a qualified investor as defined in the Prospectus Directive;
- B. to fewer than 100 or, if the Relevant Member State has implemented the relevant provision of the 2010 PD Amending Directive, 150, natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the representatives; or
- C. in any other circumstances falling within Article 3(2) of the Prospectus Directive,
provided that no such offer of shares shall require the Company or the representatives to publish a prospectus pursuant to Article 3 of the Prospectus Directive or supplement a prospectus pursuant to Article 16 of the Prospectus Directive.

[Table of Contents](#)

Each person in a Relevant Member State who initially acquires any shares or to whom any offer is made will be deemed to have represented, acknowledged and agreed that it is a “qualified investor” within the meaning of the law in that Relevant Member State implementing Article 2(1)(e) of the Prospectus Directive. In the case of any shares being offered to a financial intermediary as that term is used in Article 3(2) of the Prospectus Directive, each such financial intermediary will be deemed to have represented, acknowledged and agreed that the shares acquired by it in the offer have not been acquired on a non-discretionary basis on behalf of, nor have they been acquired with a view to their offer or resale to, persons in circumstances which may give rise to an offer of any shares to the public other than their offer or resale in a Relevant Member State to qualified investors as so defined or in circumstances in which the prior consent of the representatives has been obtained to each such proposed offer or resale.

The Company, the representatives and their affiliates will rely upon the truth and accuracy of the foregoing representations, acknowledgements and agreements.

This prospectus has been prepared on the basis that any offer of shares in any Relevant Member State will be made pursuant to an exemption under the Prospectus Directive from the requirement to publish a prospectus for offers of shares. Accordingly any person making or intending to make an offer in that Relevant Member State of shares which are the subject of the offering contemplated in this prospectus may only do so in circumstances in which no obligation arises for the Company or any of the underwriters to publish a prospectus pursuant to Article 3 of the Prospectus Directive in relation to such offer. Neither the Company nor the underwriters have authorized, nor do they authorize, the making of any offer of shares in circumstances in which an obligation arises for the Company or the underwriters to publish a prospectus for such offer.

For the purpose of the above provisions, the expression “an offer to the public” in relation to any shares in any Relevant Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe the shares, as the same may be varied in the Relevant Member State by any measure implementing the Prospectus Directive in the Relevant Member State and the expression “Prospectus Directive” means Directive 2003/71/EC (including the 2010 PD Amending Directive, to the extent implemented in the Relevant Member States) and includes any relevant implementing measure in the Relevant Member State and the expression “2010 PD Amending Directive” means Directive 2010/73/EU.
